CERTIFICATION TYPE: FINAL

INITIAL-ELIGIBILITY STATUS  
DIVISION I: CERTIFIED  
DIVISION II: CERTIFIED  
ELIGIBILITY CODES:

This report provides information about this student's eligibility to participate in intercollegiate athletics. Initial-eligibility status is determined on the basis of test scores and information provided by a student's high school(s). Initial-eligibility status indicates only whether a student meets the NCAA requirements for participation in Division I or II athletics as an entering freshman. This report does not admit a student to an institution, and it does not determine a prospective student-athlete's "seasons of competition" (NCAA 14.2). Information used to determine the reported initial-eligibility status is detailed below and on the reverse side of this report (except for international students). Eligibility codes are explained on the enclosed insert.

**I: NCAA TEST SCORE COMPOSITE/TOTAL**

NCAA regulations allow combining test scores from more than one test date to calculate the highest possible ACT Composite or SAT Total score. Only the test dates used in calculating the highest possible Composite/Total are listed here. Individual subject scores used to compute your NCAA Composite/Total are marked with an asterisk (\*). Official (O) test scores were reported directly from the testing agency; unofficial (U) scores came from the high school transcript. Recentered SAT scores are noted by "R" following the score.

TEST	DATE	ENGLISH/ VERBAL	MATH	READING	SCIENCE	COMP/SUM TOTAL	OFF/ UNOFF
SAT	11/01	710*R	740*R			1450 R	O

NCAA SAT TOTAL                      1450 R

**II: NCAA CORE COURSE REQUIREMENT**

The Clearinghouse has computed a GPA in the core courses approved by the NCAA. See the courses listed on the back of this form for details.

NCAA CORE COURSE DIVISION I G.P.A. = 3.900  
NCAA CORE COURSE DIVISION II G.P.A. = 3.964

**III: GRADUATION FROM HIGH SCHOOL** (Note: If 'CERTIFICATION TYPE' above is 'FINAL', the Clearinghouse has received a final transcript with proof of graduation.) To make a final certification decision, the Clearinghouse must review a final transcript including proof of graduation. This student's high school and graduation dates are listed below:

020-004 ROBERT SERVICE HIGH SCHOOL  
ANCHORAGE AK

HIGH SCHOOL REPORTED G.P.A. = N/A  
GRADUATION: 05/31/02

SSN: 574-82-2747

NCAA CORE COURSES: Only courses approved as NCAA core courses may be used to calculate the NCAA GPA. Only those courses appear below. The Clearinghouse utilizes only the best grades to fulfill the core course requirement, therefore you may have completed NCAA approved courses that do not appear on this document. If a high school uses a nonstandard grading system (a system that differs from A=4.00, B=3.00, C=2.00, D=1.00, E/F=0.00), grades have been converted to the standard system. \* Div Used reflects the placement of this course for Division I or II certification. X = Used in both Divisions. 1 = Used only for Division I. 2 = Used only for Division II. A student is required to complete one year of lab if the high school(s) which they attended teach a lab science. Details are explained on the enclosed insert.
